

Message from the Editor

The International Journal of Pharmacy and Life Sciences (IJPLS) is the online peer-reviewed monthly international journal. The first issue of IJPLS releases on May, 2010 and we are in continuous growth towards innovative research. We have launched an International peer reviewed online journal entitled "***International Journal of Pharmacy and Life Sciences*** (IJPLS)" publishing original research articles, review articles, explorer research articles and short communications in Pharmaceutical and Life Sciences fields.

We invite papers that make significant contribution to the Research knowledge related to Pharmaceutical and Life sciences. To achieve our goal, we need to attract the very best papers from abroad as well as from India. For that purpose we have invited number of specialists out side India to serve as editors. At the same time, we welcome opinions and comments to improve the editorial policy of the IJPLS.

We hope you find this journal informative and useful. It is a new initiative. Your comments and suggestions will help us to improve the quality and content of the journal.

Truly Yours,

Prof. Sumeet Dwivedi
